

Reduce fire losses through fire suppression

Nationwide is pleased to introduce you to EnforcerOne, a US-based manufacturer of easy-to-use Enforcer fire suppression systems and water-based FIREBULL fluorine-free fire extinguishing concentrates and sprays. With over 30 years of combined experience and expertise in portable fire suppression, EnforcerOne's solutions have helped reduce fire losses and damages across multiple industries including agriculture, mining, oil and gas, motorsports, and residential.

The EnforcerOne and FIREBULL difference

- FIREBULL products are certified non-hazardous, non-toxic, and PFAS-free
- Signature non-corrosive, water-based firefighting foam leaves no mess and wipes up easily
- FIREBULL aerosol fire extinguishers are designed for easy application and extinguishing fire both outdoors or around the house
- Variety of solutions available for both buildings and machinery
- Learn more at [EnforcerOne.com](https://www.EnforcerOne.com)

Nationwide helps you save

Nationwide has partnered with EnforcerOne to deliver savings to our customers on a variety of their Enforcer fire fighting equipment, FIREBULL aerosol fire extinguisher, and fluorine-free foam.

As a Nationwide customer you receive a 20% discount at [EnforcerOne.com](https://www.EnforcerOne.com)
